Discussion Probes: Research Goals

What do you think would be an achievable goal or goals for this year? The next three months?

Examples:

What type of scholarship activities would you like to pursue with the Consortium Members: Conference presentations, manuscripts? Please indicate activities.

What do you think would be one or more achievable goals for our RIG this year?
The next three months?

What will we need to support the goals?

The most important goal for our Gerontological Consortium to achieve from April 2016-April 2017 would be:
