

**SENIOR SCHOLARS PROGRAM**  
**AT THE UNIVERSITY OF MASSACHUSETTS, WORCESTER**

<http://escholarship.umassmed.edu/ssp/>

**eScholarship@UMMS Submission Approval Form**

Student Name: Michael DeLeo

Department: Radiology

Faculty Advisor: Alexei Bogdanov, PhD

Title: In Vivo Molecular Enzyme-Specific MR Imaging of Active Inflammation in a Pilot Animal Model of Carotid Artery Aneurysm

**Student Agreement:**

I hereby grant to the University of Massachusetts Lamar Soutter Library and its agents the non-exclusive license to archive and make accessible, under the conditions specified below, the aforementioned document in whole or in part in all forms of media, now or hereafter known. I retain all ownership rights to the copyright of the material. I also retain the right to use in future works (such as articles or books) all or part of this project report.\*

I hereby certify that, if appropriate, I have obtained and attached written permission statements from the owner(s) of each third party copyrighted matter to be included in project report, allowing distribution as specified below. I certify that the version I submitted is the same as that approved by my faculty advisory.

**Student and Advisor Agreement:**

We, the student and advisor, agree that the aforementioned document be placed in the electronic archive with the following status: (*choose one*)

1. Release the title, author, and abstract only for access worldwide
2. Release supporting documentation (e.g. paper, poster, video) immediately for access worldwide.
