Northeast Institutional Repository Day
December 1, 2023
Explore together: the journey roadmap

- Agility
  - The need for change
  - Decision making
  - Executing the change
The IR beginning

• 2019 launch
• How did the IR fall short in its mission?
Decision making

- 2022 – a need for a new IR
- Back to the drawing board in diving into what IR platforms are available
- User experience needs to change
Executing the change

• “Nothing is absolute. Everything changes, everything revolves, everything flies and goes away”—Frida Kahlo

• 2023- the transition to a new IR
The user experience

• Big improvements!
Parting words

• Lessons learned
  • Be willing to make changes
  • Change can help your user experience
Thank you!
