A partnership

Scholarly Publishing and Academic Resources Coalition

SPARC membership includes more than 200 libraries and academic organizations across North America. SPARC is a non-profit advocacy organization that supports systems for research and education that are open by default and equitable by design.

Confederation of Open Access Repositories

COAR is an international association with 155 members and partners representing libraries, universities, research institutions, government funders, and others. COAR brings together individual repositories and repository networks in order to build capacity, align policies and practices, and act as a global voice for the repository community.

The U.S. Repository Network is an inclusive network.
